

THE ALFORD ARMS

Country Pub and Eating

Frithsden, Nr. Hemel Hempstead, Hertfordshire HP1 3DD

ACCESSIBILITY STATEMENT

Here at the Alford Arms, we want everyone to enjoy our pretty, Victorian pub and terrace garden. We understand it's not always the easiest place to get around so we've put some thought into the planning, design and layout. To help you plan your visit here's a few things you may need to know.

Visitors have a choice of entrances - front door and rear door from the lower car park.

Level access for wheelchairs is available via the front entrance, however, the doorway is a little narrow (29.5" wide) and there is a shallow step. Our staff are always on available to lend a helping hand to negotiate the entrance.

Finding a parking space can be tricky during busy times and there are no designated reduced mobility parking spaces, however, with a little bit of warning we are happy to reserve a space.

The bar area is on one level, tiled and wooden flooring with wood chairs and tables in various sizes. Access to the toilet facilities is also on this level, however, there is no disabled toilet facility or wheelchair access.

As a dog friendly pub, you may need to be aware of our four-legged friends sat at their master's feet and by tables. It does mean, of course, that disability assistance dogs are very welcome.

Menus can be printed off in large print.

In the unlikely event of an emergency evacuation our team are well trained to assist with your safe exit.

Our helpful team are happy to help with your specific access requirements, on the day, or if you contact us pre-arrival, we can be sure to sort out your needs.
